2021 COVID 19 Update:

All pre-COVID **ferry service** info has been included in the hope that things will get back to normal for the tourist season months between **May/June** and **October**. Always check **ferry info** using the **www.links** provided. **Train routes** in **Eastern Europe** have been severely affected with some routes only operating once a week between **Greece ↔ Bulgaria.** Always check service details on **Die Bahn**, **Interrail App** or country specific railway timetable pages.

Capital cities are identified by extra large red dot and city name highlighted.

Top tourist destinations and major transport hubs are highlighted by a **black** dot. **Station stops** between the major towns and cities are indicated by a smaller grey dots. Not all station stops are included.

Boarder towns are indicated by a **purple** dot. **Country boarders** are indicated by **brown highlighted** lines. In Eastern Europe expected to have your passport checked.

Important **tourist rich locations** are identified with **bigger black dot** and **icons**. The larger the icons the more significant the attraction. **Important locations** where intercity fast trains typically stop eg **TGV, Thalys, ES, AV, Eurostar etc which always** require additional supplements and/or seat reservation and are indicated by **orange lines**. **Private railways** and **seasonal routes** are included with the **little steam train icon.** For example the seasonal **Swedish Inlandsbanan** and **Scarborough Spa Express (England).** Open all year are the **Zillertalbahn** private railway between **Jenback ↔ Mayrhofen (Austria)** and the **Jacobite steam train (Scotland)** between **Mallaig ↔ Fort William.**

All high speed routes eg **TGV, Thalys, AV, ES, InterCity (IC)** and **EuroCity (EC)** are connected by **orange lines** and require mandatory supps/seat res. The **Interrail App** always indicates where supps and seat res are **mandatory.**

High-speed **German ICE/IC** and **Austrian RJ/IC/EC** Routes are indicated by **purples lines** are included in RailPass. **Always** check if seat is reserved which is indicated by the electronic display located above or side of the seat.

All other connections between major **towns** and **cities**, unless indicated above, are mainline. Always double check the **Interrail App** before boarding especially in **Eastern Europe** and **Greece**. NB: **Polish TLK** reservations are free.

Local regional lines ie **RE/R/TER** etc in every country are completely free to travel on. Regional trains usually take different, more interesting, routes than fast main line ones. Especially in **Austria**, **Germany** and **Italy**.

Many of the scenic routes are absolutely jaw dropping spectacular and are indicated by bright **green highlight.**

Privately run scenic routes typically in **Austria** (**Jenbach ↔ Mayhofen**) and dedicated trains/carriages in **Switzerland eg (Glacier Express)** do require additional tickets and are indicated by **green highlighted line.**

All **S-Bahn** (**not U-Bahn**) trains (**Austria, Switzerland** and **Germany**) are included in RailPass. Many Airports in **Germany** are connected to **S-Bahn (NB. Green logo signs - blue on InfoRailMap). NB: Always remember to complete railpass travel diary.**

Railway tunnels are present in most countries. EC/IC fast train services between **Visp ↔ Spiez** is through **Gottard Base Tunnel** and misses all the beautiful scenery!

Bus routes are indicated by thin **pink lines.** **Swiss Travel Pass** includes bus, boat and railway services.

Europe contains many stunning islands and ferry connections are abundant particularly in **Scandinavia**, **UK**, **Ireland**, **Greece**, **Mediterranean Sea** and for getting to and from **North Africa**. For many locations ferries (large, small, fast and slow) are the only way to get there without flying. Don't let having to arrange a ferry deter you from visiting **Finland, Sardinia, Corsica, Malta or Greek islands** for example. It is super easy to arrange online and ports are always easy to get to via public transport. Due to the lack of space only a selection of popular ferry connections are included. Always check Interrail App for potential discounts as they change yearly and discounts also change seasonally. Many popular routes attract huge discounts so well worth checking out. **www.link info** is included within info boxes for the most popular routes which attract railpass discounts.

Old world buildings, Museums eg Altstadt

Medieval buldings
Preserved buildings ie fresco artwork

InfoRailMap 2020 icons clearly identify **UNESCO** sites, important monuments and protected landscapes, historically important **Roman artefacts**, religiously inspired buildings including **cathedrals, mosques, monasteries, abbeys** and **interesting churches**. Also significant and well worth stopping off to admire are the numerous **castles, châteaus, forts, bridges and citadels.** Unique to Europe are it's stunning **old world medieval towns** many of which are lovingly restored, preserved and kept in tip top shape (notably in **Belgium, Italy, France, Czechia** and **Slovakia)** and being continually cleaned, rebuilt and improved in **Germany**. New for **2020** is the **Medieval icon** which denotes locations where buildings have significant **Romanesque** and **Gothic** inspiration. For example buildings which have external **sgraffito/fresco** paintings and buildings from this era including **Switzerland, Austria** and **Germany** which display external artwork for instance **Lindau (Germany)** and **Feldkirch and Innsbruck (Austria).** **Thus is you have limited time the bigger icons are the most impressive locations to visit.** For example **Toledo** (south of **Madrid**) in **Spain** is a magnificent display of the most impressive of all the included icons.

The bigger the icon for the main tourist destination denotes the bigger and more attractive the location.

Gastronomy
Beer, Coffee, Food

InfoRailMap icons primarily indicate where to focus your attention if you want to speed tour the continent, however due to lack of space (with the exception of the detailed **InfoRailMap** for **Switzerland/Austria/ Northern Italy**) only provide icon info on the major towns and is in no way a definitive schematic of every single delightful old world town to visit.

Predominately in **England, Scotland, Ireland** and **France** is the popular sport of **horse racing** which is denoted with a race horse and is well worth the effort particularly in **Ireland** as racecourses always have ample facilities to sample the local beer and Guinness.

Budget airlines (CODE) provide almost instant access to many top locations. Consider including budget airlines if you want to tour the whole continent with a global pass. Top destinations for working backwards into central Europe are **Portugal**, **Norway** and **Greece**.

The **luggage store** icon is only displayed in the **Switzerland** detailed **InfoRailMap** pages due to lack of space on the main **InfoMap** pages. Although the majority of major train stations offer some kind of coin operated luggage store.

Food and alcohol have important cultural significance and where you can expect to find outdoor cafe/ restaurant/beer culture the **Gastronomy** icon is displayed.

Europe has a diverse climate and relevant icons display geographical info. Detailed **InfoRailMap** pages covering **Swiss, French, German** and **Italian Alps** include the **Mountain icon** and is accompanied with the **elevation height** in meters in order to get an accurate idea of what to expect. **Mont Blanc (4,810km)** in **France** is the highest peak in **Europe** closely followed by **Swiss Matterhorn (4,478km). Swiss Jungfraujock (3,466km)** affectionately called the "**Top of Europe**" is actually the most attractive of extended mountain ranges and thus has an enormous purpose built viewing platform so you can admire the full scale of this wondrous and extra special location. Each country has a slightly different take on how each look after their green space. The **Hiking** icon is included with many towns and cities and indicates that walking is the best option for discovering the location.

Great day out from **Dublin (Ireland)** is the coastal resort of **Bray**. The train station tells the story of Irish railways in the form of colourful and entertaining ceramic tiled artwork. **Bray** (1D) is just a few stops south of **Dublin** and also a great spot for along coastal walk.

Ireland has extensive bus network.
www.buseireann.ie

Giants Causeway is accessible by train to **Portrush** and then Bus 402/172 heading direction **Ballycastle**. **Game of Thrones** visitor centre at **Winterfell Castle** can be easily reached by Bus 15 **Belfast** ↔**Downpatrick** and then Bus 16 to **Strangford** (Stop **Ballyculter**) and then a short walk up **Park Road**. www.visitbelfast.com

The super impressive and indispensable Interrail App which is easy to download and works offline (interrail.eu) provides timetable info on all major railway routes and lists all trains that require additional seat reservations and mandatory supplements ie for High Speed train services. However it does not list every single local train connection. For example if you are looking for local trains around Venice/Vento region then check local timetable listings at the train stations and there are many more services. Reliable and up-to-date European Train Timetable and connection info can also be found at bahn.com

RailPass InfoRailMap Complementary PDFs
InfoRailMap PDF's are include as part of your purchase. PDF's include North Africa, Turkey, Latvia, Estonia, Lithuania, Ukraine, Belarus and detailed InfoRailMap of Switzerland, Austria and major alpine routes etc. Please take the time to visit InfoRailMap.com for further info. Password for download InfoRailMap is versailles. Please remember that download is a very big file so best to download on PC. Any problems please do not hesitate to contact via email railrouter@gmail.com
InfoRailMap is a simplified and basic graphical representation of the entire continent of Europe and Railway network and is not always accurate in terms of geographical location and due to lack of space and does not display every station stop. Instead InfoRailMap includes all the major routes across the whole continent, all the awesome scenic routes to focus your attention on and super clear identification of culturally significant tourist destinations, historic landmarks and protected landscapes.

Porto Estação de São Bento (Portugal) Train Station is without doubt the most beautiful super impressive and extraordinary art worked station concourse on the entire network. Easily reached by local train from **Porto Campanhã**. The walls are covered in historic themed painted tiles covering 550sqm and depict events from the 11th-14th and 19th century. The most dramatic is dedicated to the **Battle of Valdevez** (panel Arcos de Arcos Battle) the last step towards the birth of **Portugal** as an independent nation state.
